Kansas study materials can be found on the Kansas web site at www.kansas.gov/pharmacy under the link titled "Statutes and Regulations". These can be downloaded. You may prefer to purchase a Kansas Pharmacy law book and disk through the Kansas Pharmacists' Association at info@ksrx.org or phone them at (785) 228-2327. Results of the MPJE examination for candidates seeking licensure will be posted on the Kansas web site and provided to each new licensee as soon after the examinations as possible. Scores are listed according to the Candidate's Testing ID number, which is assigned by the NABP testing administrator. **Candidates need to write down the ATT number as the ATT is retained by the testing center.** Scores are released to the boards anywhere between two to ten business days from the date the candidate sat for the exam. If the state from which you are transferring your license requires one year of licensure prior to transferring to that state, Kansas requires the same period before consideration of a license. (Example: Nebraska requires one year of licensure prior to transferring to Nebraska, therefore all applicants transferring from Nebraska to Kansas must be licensed for at least one year in Nebraska.) State restrictions can be found on the NABP webpage.

Note: Social Security Numbers are required in Kansas for purposes of child support enforcement and for the Department of Revenue. If your application does not have your Social Security Number it can delay your license.
